SEPTEMBER

## Graduation: Decisions for the Future

Eric Redweik

June brought the finish of another school year and for C/Capt Eric Redweik, C/2Lt Aaron Varela, C/CMSgt Mike Goude, and C/A1C Marissa Strauss, it also brought graduation. The work and the celebrating are over. So what plans for the future do these cadets have?

Eric has his eye toward the sky. After receiving a 4 year scholarship to the tune of \$180,000

from the Navy ROTC he plans to pursue a degree in Aerospace Engineering at the University of Arizona. This summer he is working

in the Navy ROTC Summer Program and preparing for school in the fall.

Aaron is preparing to go to San Diego Christian College in August where he will pursue a Bachelors Degree in Aviation. The degree will include private pilot and instrument training as well as a Flight Instructor rating. As part of school, Aaron will be flying about 300 hours.

Aaron Varela

For Mike, who passed his AS-VAB test in the top 3 percent, and his DLAB with 120, his future starts on August 14th with the US Army. He will start his training at Fort Leonard Wood, MO., then go on to Monterey, CA

Mike Goude

for a years' study at the Defense Language School. After that will be specialty training. His

enlistment is for 5 years.

Marissa will be attending the California Military Academy in preparation for the Air Force Academy next year.

We have been privileged to have these cadets as part of Squadron 45. During their time here they have done an outstanding job of learning, sharing and advancing the core values

Marissa Strauss

of the Civil Air Patrol. We wish for them the very best and God Speed as they take hold of their futures.

## New Members and Promotions

Cadet Brandon Barcia  
 Cadet Patrick McConnell  
 Cadet Isaac Surachutikarn

Senior Officer Robert Harris

C/AIC Nathan Goude

C/SrA Ryan Turley

C/MSgt Daniel Frymire

C/CMSgt Mike Goude

2Lt Eithne Doyle

## Past in Review

**May 6**

### **Truck Show**

Sq 45 along with Sq 6750 monitored flight lines and assisted docents and helped with parking

**May 18-20**

### **NCOS MARB**

A Wing event held at MARB. 5 cadets participated in the school with 6 cadets and 5 senior officers working to help make it a very successful event. The largest NCOS event held in CA.

**May 28**

### **Gil Robb Wilson Memorial**

This special service held every year on Memorial Day commemorates one of the founders of CAP. Our squadron was well represented.

**June 2-3**

### **Aeromania at March Museum**

Cadets love to help out at this open cockpit held at the museum yearly. They work with the docents explaining different airplanes and help with flight line security.

**July 4th**

### **Moreno Valley Independence Day Parade**

It was hot and sunny, but we sure looked sharp out on the parade line helping to celebrate our great nation's birthday.

**July 7-8**

### **SLS/CLC at MARB**

A Senior officer training event put on by Group 3. 10 cadets helped behind the scenes, 5 senior officers participated as students and 3 helped with the teaching.

**July 28**

### **Group 3 Award Banquet**

Check out the web site for pictures and awards information. Well done Sq 45!

# Don't Miss These Events! Make plans now!

## Big Bear Air Show

**August 24-26** **BDUs** Starts Friday night at 6pm. We spend the night in the hanger then help with the Air Show on Saturday, dinner, then another night in the hanger. Sunday is for Orides and a picnic in the clear mountain air!

Project officer at Sq 45 is **Lt Eithne Doyle**. Get your form 31s in now.

## Base Picnic at MARB

**September 14-16** **BDUs** Friday night 6:00pm, camping on the lawn, set up early Saturday morning, helping at the Picnic all afternoon, with clean up on Sunday. This is an All Participation Event: our service of appreciation for the MARB

Project officer is **Lt Kevin Shellman**. Get your form 31's in now.

## California Wing Conference

**Sept 28-30** Senior Officer Event. See Sq 45 web site calendar for information, schedule and requirements.

## BCS/ATS

**October 26-28** Held this time at the Naval Amphibious Base in Coronado. Application deadline is September 28, cost is \$35.00. See Calif. wing site for complete information, and get your form 31s signed and sent in.

## Train Museum- "Day Out With Thomas"

**November 10, 11, 12, 17 and 18** A Group 3 fundraising/community awareness event. Cadets and Senior officers can sign up to participate for 2 or 3 of the 5 days. Jobs will include parking, crowd assistance and control, information booth and kids play areas. **BDUs** Sq 45 Project Officer **Capt Dave Goude**.

## Mission Inn 5 K Run

**Sunday, November 11** Run through historic downtown Riverside's Fairmont Park, around Lake Evans, Bankers' Row and Mt Rubidow.

**Commander Rob Nagby** is the project officer for this community event.

**The time to start getting in shape for this special event is now!**

# On the Move this Summer

**Lts Tomm and Carrie Olson** have moved from Sq 45 to Group 3 headquarters. They will be working together on special projects, so be sure to watch for them at Group 3 activities!

## O’Kane is in the Air !

The camera shy **C/CMSgt Kelley O’Kane** was the recipient of one of the Cadet Flight Indoctrination Program Scholarships. The scholarship is offered by the Daedalian Foundation, and Thirtieth Flight, Hap Arnold. Kelley attended ground training every Saturday from May 19th thru June 9th. Flight training camp began June 16th and will last until he solos. The Daedalian Foundation and the Thirtieth Flight pay for all ground and flying expenses as well as his FAA aviation physical examination.

When asked what was his most exciting experience so far he replied “Exciting, but less than enjoyable, is flying out of Riverside airport in the afternoon with the turbulence and wind factors”. We are waiting to hear how his written test went and looking forward to the date when he first solos.!

**C/SMSgt Daniel Frymire** attended the Naval Academy Summer Seminar from June 16th through the 21st. This seminar is a step towards the Naval Academy where Daniel is applying . It has been said that it is harder to get into the summer seminar than the academy. Tell us about your summer, Daniel.

**Chaplain Jack Nahrstadt** returns to Squadron 45 after a brief tour of duty at Wing. Capt Karen Nahrstadt didn’t move her membership, but because of health problems with both she and Jack, we didn’t see her very often. We are glad to welcome them back, and pray for God’s continued blessing in their lives.

# Making plans - August and September

## Aerospace Ed

The month of **August** we will be covering **Module 6—Spacecraft**. For those of you who have not covered this before, look through the “Learning Outcomes” and check out the “Important Terms” at the beginning of each of the 3 chapters. If you have already taken the test for this module, review it and bring some type of illustration that you think will help other cadets to understand one of the concepts better.

**September** will cover the first half of **Module 1– Introduction to Flight**.

**Take advantage of what you have learned by taking the Aerospace test in the week or two following the class.**

Because our next event is an air show, our **August Safety class**

### Safety

will be on **flight line and parking safety**.

**September** will be a **debriefing after the base picnic**: How did

safety play a part in the overall success of the event? What type of planning went into the event and what part did we as CAP play?

**Remember: Safety first!**

### Nearly missed printing:

Corona Air Show is scheduled for October 13th. If you would like to participate, form 31s due by Oct 8th.
